Summary

Warm Greetings!
And Welcome to my profile!

I am Muskan Agrawal, a CA Finalist, pursuing my Articleship from Ernst & Young (EY) in Auditing & Assurance Domain.

Being a firm believer of fact that your network is your network, I also love to create content on LinkedIn. I started my LinkedIn Content Creation Journey in April 2022, and in less than a year currently I have a LinkedIn Community of 58,000+ Amazing Professionals!

Sharing a bit more about me-

#My Articleship Experience at Big4's:-

After clearing my CA intermediate exams, I started my Articleship with Grant Thornton(GT) in April 2022 and later after 4 months I joined my dream firm, Ernst & Young (EY) in August 2022.

I have been working on a Listed Client in the real estate sector, where my roles and responsibilities include auditing financial statements using INDAS and understanding the business and internal controls of the client.

#Personal Growth During Articleship:-

Moving to Gurgaon for my Articleship has been a significant step in my personal growth. Being away from home, I have become more independent and learned to manage everything on my own.

During the last ten months,

I have mentored 4000+ students virtually, attended enormous CA conferences as a paper presenter, master of ceremony, and

volunteer, and was invited as a guest speaker in many events and webinars.

Completed 450+ 1:1 mentoring sessions on topmate regarding resume review, CA Articleship Guidance, Career guidance, Interview preparations & tips.

Launched a MasterClass on LinkedIn personal branding and getting jobs through LinkedIn on Platform Graphy by Unacademy. (you can subscribe, link in bio)

#Future Aspirations:

In the long term, I hope to advance my career and become the best version of myself in this field. I believe that with hard work and dedication, anyone can achieve their career goals.

My journey as a CA Final student and my Articleship experience at EY have been instrumental in my personal and professional growth.

I am grateful for the opportunities that have come my way, and I look forward to learning more and spreading knowledge in my network.

Lastly I would like to say, always believe in yourself, and if you feel like you can do something, Just give it your 100% best to achieve it!
